

Lets Talk Technology!

A Free Workshop For Parents & Professionals
On The Latest Advancements In
Hearing Aid And Cochlear Implant Technology

Saturday, January 31st 9:30 a.m. – 2:00 p.m.

**On the Pittsburgh Campus of the
Western Pennsylvania School for the Deaf
300 East Swissvale Avenue, Pittsburgh, PA 15218**

In the last 5 years, significant improvements have been made in assistive technology for deaf and hard of hearing children. Researching the latest developments on your own can be time consuming and confusing.

Join us on January 31st to interact one-to-one with the experts. Audiologists from Advanced Bionics Corporation, Cochlear America, Med-EL, Oticon, and Phonak will be on hand to present the latest technology and demonstrate their products.

Following lunch, you will have the opportunity to participate in a Question & Answer session with a panel of specialists and adult users of the technology.

For more information contact Dr. Jennifer Craig at jcraig@wpsd.org. To register, please contact Sarah Bartlebaugh at sbartlebaugh@wpsd.org.

There is No Charge to Attend but Registration is Required.

Please register no later than Monday, January 26.

Lunch Will Be Provided

Presented by the Western Pennsylvania School for the Deaf – Providing academic and extra-curricular programs for deaf and hard of hearing children from age three through 12th grade since 1869.
